RECOMMENDATIONS

Target the Evening Slot

Evening consistently generates the lowest revenue across every day (see heatmap). A time-boxed evening promotion or bundle could lift off-peak traffic.

Protect Coffee & Tea Stock

Coffee and Tea are the two largest revenue categories. Prioritise inventory and staffing around these to avoid stockouts during Late Morning peaks.

Reposition Dark Chocolate

Standard "Dark chocolate" is the lowest-performing product (R755), while "Dark chocolate Lg" is a top-2 seller (R21,006) — consider discontinuing the small size or bundling it differently.
